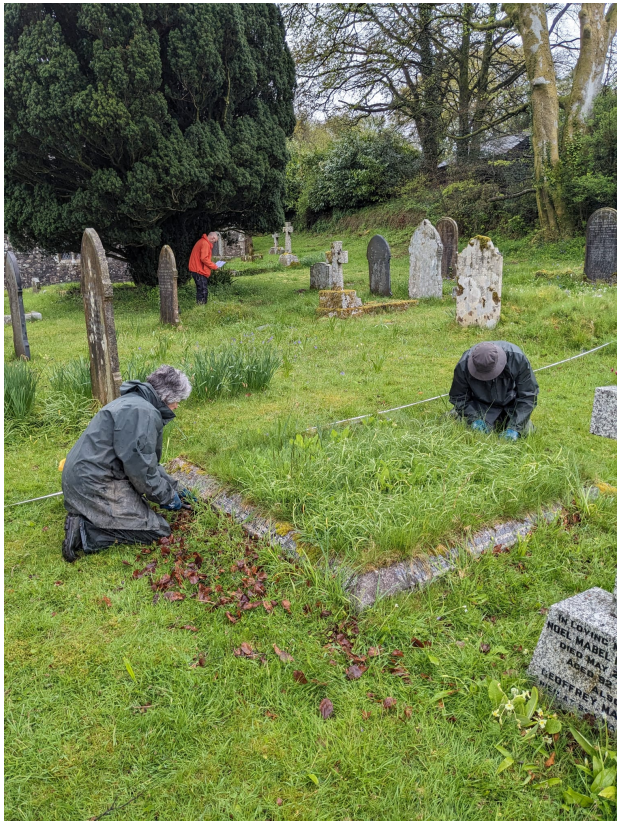
Creating a Way to Capture the Data

Using a form to capture:

- Plot position
- Monument description
- Inscriptions

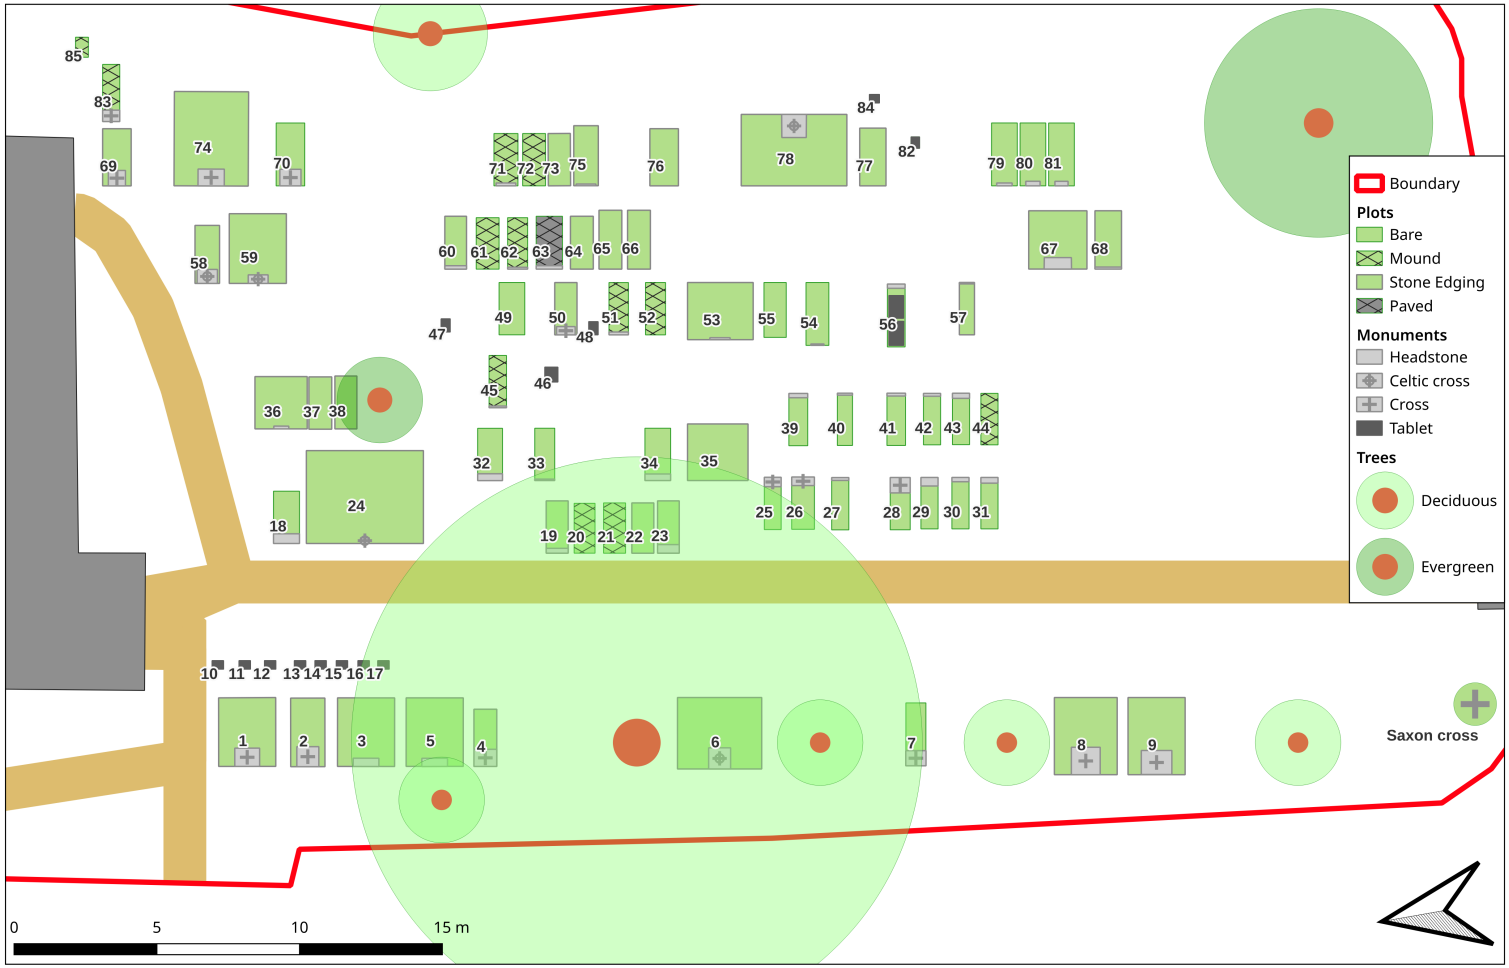
Working Party



Challenges in the Process

- Realising complexity: plot, people, monument, inscription
- Insufficient data capture (bad form design)
- Wet weather
- Large number of graves

The Final Map - version 1



Interesting Statistics

People	149
Plots	85
Most Common Surname	Williams (9)
Oldest Plot	Frances Mary Crossfield
	21st Oct 1877

Next Steps

- A booklet with each grave highlighted in detail
- The memorials inside the church
- The old graveyard

Thanks

- Everyone in the working party
- The Howells for checking, printing, and noticeboards
- Chris Haigh for photography
- Sandra and Martin
